Subject: NCGA Request for Pipeline Hearing

[Colin Campbell @RaleighReporter](#)

Senate Rules Chairman calls for legislative hearing on Atlantic Coast Pipeline fund following news report about how the deal came about, says #ncga has not been provided public records from @NC_Governor #ncpol

“It is outrageous that the Cooper administration was selectively providing public records related to the governor’s pipeline scandal to a single news outlet while refusing to provide the same records to the legislature,” said Rabon. “The WRAL report proves that Roy Cooper had his hand in the cookie jar and intentionally steered money out of the state treasury and into a personal ‘slush fund’ he could dole out at his whim.

“This story raises more questions than it answers, and given the Cooper administration has spent weeks dodging simple questions and refusing to comply with the Public Records Act, I am asking Sen. Berger and Speaker Moore to include Gov. Cooper’s pipeline scandal as an agenda item at the next meeting of the Joint Legislative Commission on Governmental Operations.”
